

Frequently Asked Questions On Nachos

Does the 5301 (Dual Chili/Cheese Dispenser) have a portion control option?

No, free flow only

Can you microwave Gold Medal's bag cheese?

Yes, you can, where our competitor cannot.

What is the shelf-life on the Gold Medal's bag cheese?

Our new formula is made for the product to last 18 months.

Can Gehl's bagged cheese be used in a Gold Medal #5300?

No. but you can use El Nacho Grande in a Gehl's machine.

How many bag tubes come with the #5300?

The tubes come with the "Bag" cheese. There are 4 per case.

The 5300 has a tray to hold an extra bag of cheese. Does the 5301 also have that option?

In order to run (2) bags at a time, we did not have the cabinet space to store an "extra bag."

How many servings out of a bag of cheese?

40-3.5 oz servings per bag.

How long can bag cheese stay in the #5300 warmer?

Approximately 5-7 days. Keep unit ON/Heating.

Can you refrigerate an opened bag of cheese?

You must (if not kept in warmer). Clean Tube and close off to prevent airflow. 1-2 warm-to- cold cycles – but not to exceed 5-7 maximum days.

Can the #5300 be set at "free flow" for all three buttons?

Yes, you can adjust the settings on the back of the machine
